The easiest way to develop voice is to begin with one's own story. If you are funny, quirky, poetic, or pensive, let your personality shine in your writing. We pull from personal memories to recount a vivid tale, full of imagery and figurative language. Writing and reading poetry nourishes the soul. Succinct, image-laden verse has been a balm to humanity for millennia. Try your hand at this timeless art form. We will explore free verse as well as a variety of formal poetic forms. Personal narrative (avoidance of cliches, vivid verbs, imagery, sensory language, figures of speech, original voice). Poetry (imagery, free verse, rhyme, meter, slant rhyme, the sonnet, famous poets and their styles).
